

Attention WPA Family:

Effective 9/1/09 there will be an increase charge for form completion. Basic MD, DC, and VA forms will be \$20, Complex or multiple location forms will be \$25. (Please keep in mind FMLA forms will be more, as these forms are more extensive) WPA has kept form cost down for 7 years, but due to increasing cost the new rates will be established.

As a courtesy, we will hold off till after this years back to school rush. Also effective 9/1/09 WPA will provide basic DC, MD, and VA forms, and all forms will be mailed free of charge to you or the facility. If your facility requires a special or different form you must provide us with that form.

A sample of the forms provided will be posted on the website as well as a request form. Please note payments must be made before forms will be mailed or at time of pickup. Payments can be made in person, by mail, over the phone or online at our website through PayPal.
